## NEXT STEPS

### STEP 1

Thank God for the vision of a restored and renovated facility where our community and congregation can heal and flourish.

### STEP 2

Prayerfully ask God what your financial sacrifice should look like? Remember, it's not about equal giving; it's about equal sacrifice.

### STEP 3

Fill out a pledge card online or send a card by mail or in person on or before December 15, Commitment Sunday.

# WHAT

We are excited about the launch of our building restoration and renovation project. Our landmark building constructed between 1894 and 1912, has aged with cracked exterior stones and a sanctuary that awaits restoration before it can be used again. With this first phase of work, we will be able to repair a portion of the exterior stone and begin the path towards full renovation and restoration.

# WHY

We envision our building as a community hub - a vibrant, safe space of welcome and healing for children, seniors and people of every age to gather in East Parkside. Opportunities for worship, education, fellowship and service will help our congregation and community flourish in the love of Jesus and serve more people in more ways!

# HOW

This project will be made possible through the generous support of our congregation, combined with a matching grant.
